The Infusion Pocket Guide

Adding Value to NASA through Technology Infusion:

A Internal NASA
Customer-Focused Approach

*NASA Customer = mission and program
management*

An Infusion Pocket Guide for the
Innovative Partnerships Program

May 2008

**Source of tools
& resources**

What is Infusion?

- **Finding technical solutions to challenges faced by NASA's Mission Programs through:**
 - Transfer from one Field Center and/or Mission Program to another
 - Transfer from external organizations through collaborative partnerships

3

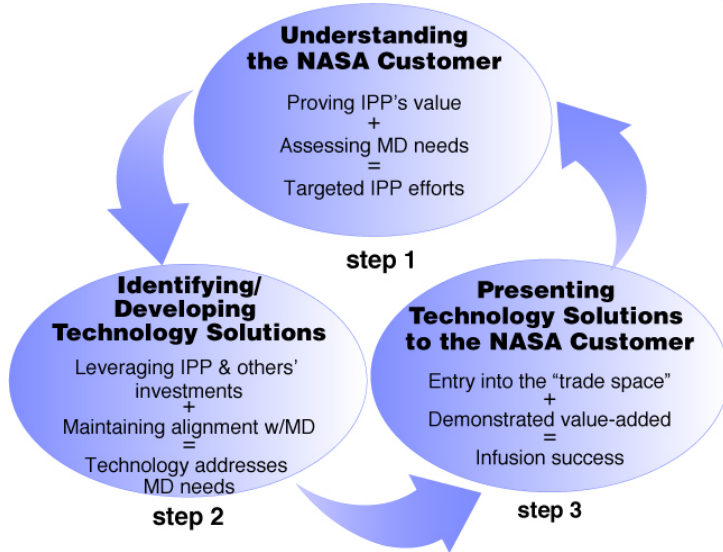

What is an Infusion Success?

- ***Incorporation* of the solution into NASA Mission Programs**
- ***Solution is considered part of the trade space and NASA benefits from analysis and consideration of the alternatives presented by the new technology solution***
